## **Resurfacing Project on Hart Road between Milwaukee Avenue and Croname Road**

**CHICAGO** – The Illinois Department of Transportation (IDOT) announced that temporary lane closures will take place on Hart Road between Milwaukee Avenue and Croname Road, in Niles, beginning, weather permitting, Monday, April 10. The closures are necessary for a resurfacing project along Hart Road.

In order to complete the work, lane closures will take place on Hart Road from Milwaukee Avenue and Croname Road with flaggers during construction activities. Access to businesses will be maintained for the duration of the project.

The scope of the project consists of resurfacing, pavement patching, and the installation of new pavement markings. The overall improvements will enhance safety with sidewalk ramp improvements.

The project is expected to be completed in Summer 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
